Washington, D.C. 25005

Dear Bill:

I am using the Agency's report "An Evaluation of Experimental Economic Reforms in the Consumer Industries of the USSR" in my course on the Soviet Economy. The library has one copy of this, but since we have 70 eager students in the course, we could use at least two more copies of this report. Is there any chance that you can have them sent to me? If so, I will pass them on to the library.
